INSURANCE.

To—The Heads of all Offices.

Circular No. 42, *dated* 12*th June* 1912.

It has been brought to notice that the exact dates on which previous detailed Medical Examinations were made are neither noted in the proposals for further Insurance submitted under Rule 22, nor are the proposers themselves able to state it. In consequence, ordinary certificates of good health are granted in some cases in which a detailed Medical Certificate is necessary involving double work to the Medical Officers, in as much as a second examination of the proposer has to be conducted for the grant of the proper certificate

2. It must also cause inconvenience to proposers in as much as they would be required to present themselves before the Medical Officer for a second time in respect of the same proposal

3. To avoid this, in all policies issued in future on the basis of a detailed Medical Certificate, the date of the certificate will be noted in red ink for information of the insured and to enable him to state it to the Medical Officer when he appears for examination in connection with a proposal for furthur insurance.

In the case of Insured persons who are not aware of the exact date of their previous detailed Medical Examination, they should ascertain it before hand from the Insurance Office in all cases in which there is any doubt as to whether a period of five years has elapsed. The date so ascertained should be stated to the Medical Officer to enable him to grant the right certificate.

J. S. CHAKRAVARTI,
Secretary, Insurance Committee.
